RH is a curator of design, taste and style in the luxury lifestyle market. We offer our collections through our retail galleries, source books and online at RH.com. The RH brand platform includes RH, Modern, RH Baby & Child, RH TEEN and RH Contemporary Art.

At Restoration Hardware we believe deeply that the “right” people are our greatest asset. We value people with high energy who possess the ability to energize others. People who are smart, creative and have a point of view. People who see the answer and every problem, versus those who see the problem in every answer. People who are driven, determined and won’t take “no” for an answer. We value team players, people who are more concerned with what’s right rather than who’s right.

We are designers, not decorators. That distinction means that we look at a project in the context of the entire space, or the whole, rather than as parts or components. RH designers understand the art and science of lifestyle, environment and taste to create a functional, beautiful and personal space. We provide luxury design services for the reimagining of one room or an entire home, anywhere in the world. Our designers embody the RH lifestyle and a sense of personal style, polished appearance, refined taste and a discerning eye for luxury.
